

Natural History Museum Dino Hall Tour

Thursday, February 23, 10:00 am

Cost: \$30/person, parking is \$8/car

This is a guided 50 minute tour of NHM's new Dinosaur Hall. NHM's new Dinosaur Hall is one of the most extraordinary dinosaur exhibits in the world, and the premier dinosaur experience in the western United States. Inside are more than 300 real fossils, and 20 complete dinosaurs and ancient sea creatures. One of the centerpieces of the exhibit is the *T. rex* growth series — the only trio of different aged *T. rex* specimens in the world.

One of the great things about the Dinosaur Hall is how close the design lets you get to the fossils! Look a *Triceratops* in the eye, or walk under the neck of a 68-foot *Mamenchisaurus* that's longer than a city bus!

All 20 of the complete dinosaur and sea creature mounts have either never been on display before, or have been re-posed according to the latest research. Many were discovered in the last several years by the Museum's in-house Dinosaur Institute.

The Dinosaur Hall doesn't just have fossils. The exhibition is also packed with multi-media stations where you can "excavate" specimens and watch never-before-seen footage of a real dinosaur hunting expedition.

The NHM is handicap accessible. For those who wish to have lunch following the tour the NHM has expanded its dining menu and facilities.

TO PARK: NHM's newly-opened Car Park is on the southeast corner of Exposition Blvd. and Bill Robertson Lane, on the NHM campus. It is \$8, and **only cash is accepted.** Ride pools are suggested. After you park, walk through the new native garden to the new outdoor ticket booth.

The price for the above is \$30.00 per person (BNC Donation & Admission included).

Please make check payable to BNC and mail to: Sam Shaffer at 5211 Yarmouth Ave., #5, Encino, CA 91316. Tel: 818-987-1993.
